

ADOPTION APPLICATION

Our Adoption Process

Once you have made the decision that you would like to adopt one of our available pets, we will want you to have a meet and greet with the pet. If you have current pets in your household, we do require that you bring them to meet the adoptable. This only applies to dogs as cats can be stressed in a veterinary environment. If there are children and/or other people in your household, please bring them as well. To set up a meet-and-greet, please contact us at the clinic or email our adoption coordinator directly at (CoyneAdoptable@gmail.com).

Once our adoption coordinator reviews all applications and meets with the families, they will be in contact with you once they have made their decision. If selected for the adoption, our coordinator will set up a day for you to come in and finalize the adoption and send you home with your new furrever friend!

What's Included In Our Adoption Fee

Our adoption fee is \$170 for canines and \$120 for felines. The following is what is included in that fee:
